CALL FOR PAPERS

EVOLUCIÓN DE LOS ESPACIOS DE APRENDIZAJE: CENTROS DE AUTOACCESO Y OTROS ENTORNOS

**National Autonomous University of Mexico
National School of Languages, Linguistics and Translation
Mediateca (SALC)**

Self-Access Language Centers International Conference 2019 (**Encuentro Internacional de Centros de Autoacceso -EICA 2019**) "**Evolution of learning spaces: self-access centers and other environments**" to be held on June 25 and 26, 2019 in the facilities of National School of Languages, Linguistics and Translation.

Self-Access Language Centers International Conference 2019 (EICA 2019) aims to offer the national and international academic community interested in autonomous language learning a conducive environment for the exchange of best practices and ideas on themes such as language advising, learner training, materials development and the use of resources, as well as a place for reflection and the creation of learning and collaboration networks.

The Conference is aimed at:

- Advisors of self-access language centers, self-directed learning spaces interested in the development of learner autonomy.
- Teachers interested in the development of autonomy.
- Coordinators of self-access language centers and self-directed learning spaces.
- Researchers working in K-12 and higher education
- Undergraduate and graduate students in related areas.

- Teacher training students.
- People interested in the establishment of educational centers that promote self-directed learning and learner autonomy.

PRESENTATION FORMATS

Oral Presentation

The presenter delivers his/her research, and explains best practices and experiences to the audience verbally, accompanied by a slideshow.

Pecha Kucha

An individual oral presentation that consists of showing 20 slides for 20 seconds each. Question and answer session will take place in a different room after each presentation.

Workshop

A 90 minute intensive course led by one or two presenters or practitioners. The presenter offers a set of practical and interactive activities that involves problem-solving or skills training. It is accompanied by a brief presentation of the theoretical foundations. The workshop is a practical activity more than a plenary presentation.

Round table

A group of papers in which participants address experiences and visions on the same topic or problem.
